STANBERRY SUPT. COMMITS SUICIDE

L. H. TARLTON, 27 YEARS OLD SHOOTS HIMSELF.

CAUSE OF DEED MYSTERY TO FRIENDS

Thought to Be Behind With Bills—Succeeded Supt. McDonald in Stanberry Schools.

L. H. Tarlton, superintendent of the Stanberry public schools, committed suicide about 6 o'clock this morning at the home of John Pennington in Stanberry. The deed was done with a shotgun, which he took from his trunk.

Mr. Tarlton left the house between 6 and 6:30 o'clock this morning, attired in his bath robe. He went to the rear of the house and stopped about forty feet back of the Pennington home, near the garage. Then he fired the shot which ended his life.

No reason can be assigned for the rash act. He was a young man about 27 years old, single, and succeeded Prof. J. M. McDonald, who is now superintendent of the Maryville public schools.

Last year he was principal of the Stanberry high school. He had been in Maryville frequently and was well known here among the teachers.

One reason for the suicide advanced today at Stanberry was that the young man had got behind with his bills. He had been out of school only a few years.

His parents, from near Fayette, Mo., will arrive in Stanberry this evening, and the remains will be taken to that place on the night train.

School was closed at Stanberry today and will not be held until the first of the week. The Stanberry football team was to have played the Maryville high school football team Friday at Stanberry, and the game was canceled this morning.

Superintendent McDonald went to Stanberry this morning when he heard of the death of Mr. Tarlton.

BROOKLYN WINS FLAG

The World's Series Will Open Saturday at Boston—Was a Close Race in the National League.

Special to The Democrat-Forum.

Philadelphia, Oct. 4.—The Brooklyn club, after one of the hottest fights in major leagues for years, yesterday won the National league pennant by virtue of winning its game against New York and Philadelphia's double defeat at the hands of Boston.

Brooklyn can lose all its remaining games and Philadelphia win all hers and the final standing would still give Brooklyn the pennant by a narrow margin. Philadelphia has two games to play with Boston and the Brooklyns have two left with New York.

The Boston American league club and the Brooklyn Nationals will meet in the 1916 world's series, the opening game of which will be played on the Braves' field at Boston next Saturday, Oct. 7. The teams will remain in Boston over Sunday and play the second game of the series there on Monday, Oct. 9, weather permitting, after which they will return to Brooklyn for two games at Ebbets' field on Tuesday and Wednesday, Oct. 10 and 11. The fifth and sixth games, if necessary, will be played on Thursday, Oct. 12, and Friday, Oct. 13, at Boston and Brooklyn respectively. Should a seventh game be necessary to decide the series, the location of the contest will be decided by the toss of a coin, as in past years.

Appointment of Terachui Means Aggressive Policy—Japan Said to Be Watchfully Waiting.

Special to The Democrat-Forum.

Washington, Oct. 4.—Japan will take her "place in the sun.' This was the interpretation placed in department circles upon the appointment of Terachui, and means an aggressive policy in China. The only suggestion forthcoming by high government officials regarding the latest developments in the Orient was that Japan also was "watchfully waiting."

D. A. R. ORGANIZATION 4 YEARS OLD TOMORROW.

SPECIAL PROGRAM SAT.

Will Have Nine Other Meetings This Season With Parties and Patriotic Exercises.

Tomorrow is the fourth anniversary of the establishment of the Daughters of the American Revolution in Maryville. On that day twenty-four women who could claim lineal descent from some man or woman who played a vital part in the Revolution of 1776, got together and established the organization, which has grown to be one of the greatest forces of patriotism in Maryville. The membership is now 51.

The D. A. R. will begin this season's work Saturday with the observance of "Missouri Day." The meeting will be held at the home of Mrs. Anderson Craig, with Mrs. Craig, Mrs. C. H. Coe, Mrs. J. V. Embree and Miss Ethel Embree as hostesses.

The principal business will be the election of delegates and alternates to the State Conference of the D. A. R., which will be held at Louisiana, Mo., on October 25, 26 and 27. A program will also be given in honor of "Missouri Day."

The organization will have nine other meetings, as follows: "Bazaar," November 4; "Christmas Party," December 2; Peace Session and "Stunt Party," January 6; "All the World's a Stage," February 22; Washington Memorial Service, February 25; Business Meeting, March 3; "Heirloom Party," April 7; "Buffet Luncheon," May 5; and "Flag Day," June 14.

Besides the organization meetings, the D. A. R. takes active part in all of the plans for civic improvement and for the spread of patriotism. They promote the observance of patriotic days, and hold a service in memory of Washington, to which all of the patriotic societies of Maryville and the public are invited.

In the line of civic improvement their greatest work has been the reclamation of the old City Cemetery, which they have greatly improved. Their ambition now is to make this cemetery a park, and plans to obtain funds for this purpose will be made at some of the future meetings.

BARNARD HAS CLUB

DEMOCRATS PERFECTED THEIR ORGANIZATION LAST NIGHT.

MANY MEMBERS JOINED

A Number of Other Towns Over the County Will Also Organize Soon—J. C. Hocker Heads Club.

To Barnard belongs the credit for organizing the first Wilson-Marshall club in Nodaway county. The organization was perfected last evening at a meeting held in the opera house of that town. J. C. Hocker was elected president of the club, J. P. Gorsuch, secretary, and John F. Tulloch, treasurer. An executive committee, a membership committee and a finance committee will be appointed by the president this week.

There was great enthusiasm at the meeting. Probably fifty were in attendance, and a large number of members will be secured this week. Several made short talks. County Chairman M. E. Ford and E. C. Moberly, candidate for sheriff; Sheriff Ed Wallace and A. L. Nash, from Maryville, attended the meeting.

The Burlington Junction Democrats are also planning to organize a Wilson-Marshall club, probably this week. Other places over the county will also perfect their organization within the next several days.

Conception Junction has a Wilson club, composed, it is said, of 230 railroad men at that division point.

The Barnard club will hold their first meeting probably next week, when W. A. Blagg of Maryville and probably several others will make short addresses. A meeting is also being planned for Burlington Junction.

HOW TO START A CLUB

To Support Wilson—Fill Out Appended Form—Get Men to Vote as They Think.

"The greatest field of service in this campaign," said Frederick B. Lynch, chairman of the bureau of political organization and clubs of the Democratic national committee, "lies along the line of getting the independent and progressive voters to vote as they think, and not as they are impelled by old associations, deceptive shibboleths and false leaders."

Such is the special mission of the Wilson and Marshall clubs now being organized in all parts of the country.

"Party lines are not drawn in these clubs," My Lynch continued, "and the club men can reveal the voters who think right, but face wrong, to themselves. Not one unprejudiced man in a hundred can resist the overwhelming logic of the facts accomplished by the most constructive administration the country has ever had. Don't let the nation be untrue to itself by thinking right and voting wrong."

Those who want to start motion in the right direction right away can do so by filling out the following form and sending it to the chairman of the bureau of political organizations and clubs, Democratic national committee, 30 East 42nd street, New York City:

AGAINST POOL HALL

MERCHANTS DON'T WANT YEO BROTHERS TO MOVE IN BLOCK.

PETITION IS CIRCULATED

Want City Council to Enact Ordinance Prohibiting Installation of Hall Without Consent of Owners.

A petition is being circulated requesting the city council to enact and put into effect an ordinance forbidding the granting of a pool hall license except when the applicant therefor first secures and files with the city council a petition signed by not less than two-thirds of the assessed taxpaying citizens and guardians of minors owning property in the block or square in which such pool hall is to be kept. The petition will be presented to the city council Friday night, and probably some action will be taken.

The reason for such a petition is on account of Yeo Brothers, who, having leased the Graham building, formerly occupied by the Parle drug store, for their pool hall. Several of the merchants in the block are fighting the installation of the pool hall in this building, which has been undergoing extensive repairs. A new front has been added and the floor has been lowered to the level of the sidewalk. Besides, numerous other improvements have been made.

Yeo Brothers' pool hall is now located on North Main street, first door north of where the Farmers Trust company is now located.

HARD TO ANSWER.

Says the Council Bluffs (Ia.) Nonpareil," one of the strongest Republican newspapers in the middle west:

"Democratic congresses are entitled to credit for some excellent legislation under the present administration. Without question, their purposes have been good."

How will the Nonpareil reconcile its grudging tribute to Democratic legislation with Candidate Hughes' declaration that the whole Democratic legislative accomplishment must be wiped off the statute books for the good of the country?

LAMM'S LOWEST.

We quote from the Globe-Democrat of Saturday:

Talking before the school children of Tuscumbia, Judge Lamm declared, if elected, that hostile hands shall never be laid upon school children's money. "They propose to take $1,000,000 of your money to start Gardner's land bank."

We see two things worthy of note in this remark. In the first place, it is a lie. In the second, it proves that up to Friday, when it was made, there were still unplumbed depths below the political candidate with no respect for the public and less than none for himself.

Judge Lamm's campaign has already brought forth strange things. He has squarely misrepresented official documents. He has made statements about the single tax which a freshman in any Missouri college ought to blush for. What unexhausted possibilities are yet concealed within him we do not pretend to say; it would seem that at Tuscumbia he had surpassed himself. To try to frighten school children for political profit by bogey tales about a political opponent is something new under the sun, and Judge Lamm has earned the amazed contempt of every decent man. —St. Louis Republic.

FOR GOOD ROADS DAY

WORKERS WANTED TO REPAIR AND CLEAN UP ROADS.

An Effort Has Been Made in Nodaway County to Organize Districts—New Plan for This Year.

Tomorrow and Thursday are the annual days set apart by the state of Missouri for state-wide improvement of all highways. John Clary of Clearmont, formerly county highway engineer, has been organizing the county in districts and urging that these two days be given over to repairing roads and cleaning out unsightly places along the roads.

Col. Frank W. Buffum, state highway commissioner, Jefferson City, in a message sends the following to the people of Nodaway county:

"We are going to leave it to you and the good people of Nodaway county to immediately organize your entire county by school districts for the observation of good roads days. Use the telephone freely with your neighbors in getting notice over the districts Wednesday. Let the township boards and school boards take the lead in calling on their friends to meet them on the highways with proper tools for the work of clearing the weeds, the undergrowth and repairing culverts. Arrange for hauling culvert material for new culverts, for machinery to cut down hills and for cutting the hedges and rounding all corners. Have the ladies serve dinner at different points on the highways. In this way you should get an immense amount of work done in your vicinity during the two days and days following. Those of you who cannot leave home can cut weeds, undergrowth and repair the roads along your own farms. Good roads days are too valuable to be lost or discontinued and I am looking to Nodaway county people for a great report of work accomplished on these two days."

Send in a report to this paper of the work accomplished in your community for these two days; we will take pleasure in publishing the good roads news of your neighborhood for these two days.

RECRUITS WANTED FOR ARMY

Recruiting Office Located in Maryville, and Men Between Ages of 16 and 35 Years Urged to Enlist.

U. S. Army Recruiting Office, 118½ East Third street, Maryville, Mo.—Men wishing to enlist in the regular army may do so by applying at the above named office. Applicants for first enlistment must be between the ages of 16 and 35 years, of good character and temperate habits, able bodied, free from disease and must be able to read, write and speak the English language. There are a good many chances for men who wish to enlist in the signal corps of the army. Telegraph operators, radio operators, telephone men, photographers, clerks and electricians are particularly desired for the above branch of service, and mechanics, men with knowledge of gas engines and meters and with experience in handling government property are especially desired for the aviation section of the signal corps. The pay ranges from $15 to $75 per month in this corps on first enlistment, and promotions are very fast on account of the increase of the army.

Mow much do you earn? Not what you earn, but what you save is yours, and the poorest paid soldier in the United States army can save $10 every month and bank with the government, receiving 4 per cent interest on the deposit. Sick or well, present or absent on leave, the pay goes on just the same. Board, lodging, clothing, doctors, medicines and things necessary for physical development and athletic training are free. The United States army turns out fine athletes and great horsemen. An opportunity, free of cost, to see Hawaii, Alaska, the Philippines, Panama and other places. In fact, many of the soldiers now in the army have traveled around the world, a trip which in itself gives a wonderful education. There is a splendid chance for technical training on everything from mechanics, electricity and engineering, to wireless telegraph and aviation.

The army in its great service schools can teach you, and while teaching you pays for your learning. Musicians, school teachers, cooks, barbers, tailors, shoemakers, plumbers, and in fact all mechanics receive extra pay in the army. If you have anyone to whom you wish to give some of your pay, an allotment may be made for the same, and also the person you may designate will receive insurance to the amount of six months pay. Soldiers of the army are retired after having served thirty years and receive thereafter from $24.50 to $90 a month. Please note that the least amount paid after your service so honorably completed is over a dollar a day for life. You may go into an honorable business or occupation and earn additionally. The army offers travel, education, athletic training and a fine opportunity to save money. You have a certain position with assured health and pay. The education and training that you acquire depends on yourself. The army will give it to you if you will take it. Many of the officers holding high rank in the army today started as recruits. Generals who have been at the head of the army have started the same way. Your chance is just as good today.

OPEN LETTER TO HUGHES.

Dear Mr. Hughes:
You'll please excuse
My dullness if I seem obtuse,
Or fail to properly enthuse
When you break loose.

The papers give me all the news,
And more advice than I can use;
But when I try to get your views
On public questions, then I lose
My patience, and I sigh and say,
"Oh, what's the use!"

I give the devil all his dues;
I rather liked you, Mr. Hughes,
When you were judge. But when you choose
To be a knocker and abuse
Our President, I must refuse
To read your "ooze."

The Democrats you still accuse;
Your lamentations I peruse.
These may alarm—they can't amuse,
And thinking men they won't confuse;
But altogether, Brother Hughes,
You're too profuse.

One final word before adieus:
If you would stand in Wilson's shoes
You'll have to try some other ruse—
For, by the gods, you're going to lose!
The Republican party will get its dues;
You're up against it, Mr. Hughes.

URGED TO SAVE HAMS

Keep "Pride of Smokehouse" for State Show at the University, W. L. Nelson Says.

Although it is almost impossible to resist the temptation to eat the Missouri country-cured hams which at this time of year are at their best, W. L. Nelson of the State Board of Agriculture urges Missouri farmers to leave their smokehouse doors locked. Mr. Nelson urges this in order that the choice specimens can be entered in the annual ham show held next winter during Farmers' Week at the University of Missouri at Columbia.

Three times Boone county has been successful in the ham and bacon show in competition with entries from all over the state. Mr. Nelson is eager to see some ham expert take the honor away from Boone. He even thinks he might induce the farmers of his own county—Cooper—to try harder than ever before to take down the prizes amounting to $150 offered by the State Board of Agriculture.

Only cured hams and bacon may be entered in the show. Hams from hogs killed this fall cannot be shown. That is why Mr. Nelson urges the farmers all over Missouri to keep the "pride of the smokehouse" for the show. Missouri put on the first ham and bacon show in connection with Farmers' Week four years ago. Many other states are following Missouri's lead, and even the United States government is taking up the idea, Mr. Nelson says.

Straws Show—

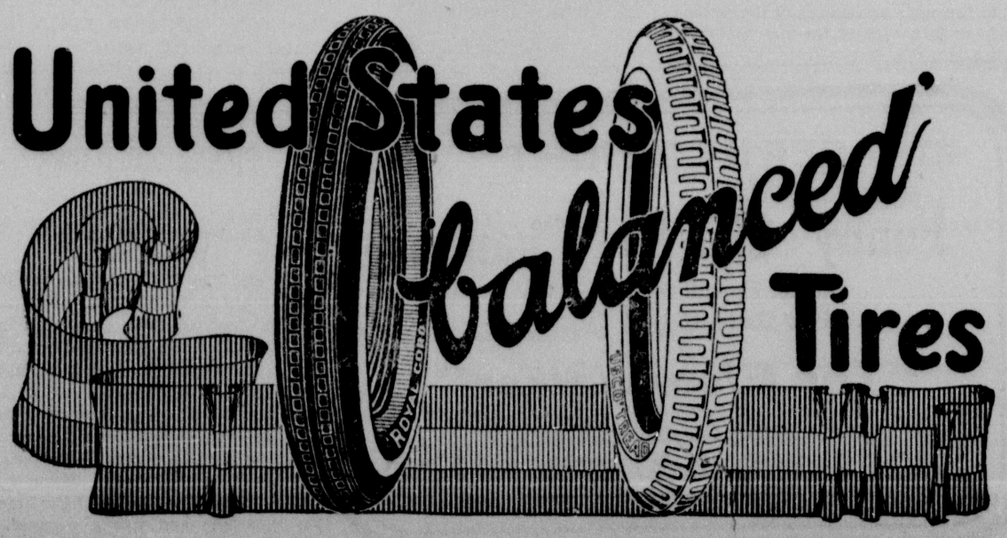
Motorists buy a certain make of tires for the first time because it is *sold* to them—through advertising, salesmanship, or the good words of satisfied users.

But motorists *continue to buy* that make of tire only because the first tires have made good—have given satisfactory mileage and service.

Motorists bought United States Tires so consistently that, during the first seven and one-half months of this year, we sold and delivered more tires than during the entire twelve months of last year.

And motorists are *continuing to buy* United States Tires at the same phenomenal rate.

If straws show which way the wind blows, such phenomenal sales increases certainly *show where the best tire service comes from.*



—How to Select Your— Corset

HERE we give you five simple rules or guides that will turn the selection of your corset into a real pleasure.

FIRST—Decide that your figure is individual—that you need a corset designed for you, and it should be a front-lace corset.

SECOND—Go to the store where competent graduate corsetieres are employed. Insist on an experienced sales person for your fitting.

THIRD—Remember that your corset dollars go farther if you select two corsets at a time. One for home wear and another for social engagements and street wear.

FOURTH—Unless the corset you select gives you all day comfort, good wearing service, and style that is exclusive, your corset fails regardless of what you pay for it.

FIFTH—You can forget the other rules if the Gossard label is sewn in your corset. There is a Gossard for every figure.

One proof of the unusual recognition given Gossards is the army of moving picture stars who demand the utmost in style, comfort and wearing service in a corset. Every Triangle star wears a Gossard and all of them have charming, graceful figures.

An expert corsetiere will deem it a pleasure to fit you without obligation to a Special Gossard designed for your figure at $2, $3 00, $3.50, $5.00 and up.

CHARGES A CONSPIRACY.

State Senator Jones of Villisca Asks 25,000 Damages From Nine Men.

Special to The Democrat-Forum.

Red Oak, Ia., Oct. 4.—Charging a conspiracy to defame him by attempting to hold him responsible for the eight murders committed in the J. B. Moore home in Villisca, Ia., June 9, 1912, and demanding $25,000 in satisfaction for the personal damages thus incurred, State Senator F. F. Jones of this county, a merchant of Villisca, today, through Sheriff Jackson, is serving notice upon nine defendants in the action to be filed in district court of this county.

Senator Jones, in a lengthy petition, charges that John Wilkerson, a detective of Kansas City; W. H. Willett, a prominent farmer; Ross R. Moore, a Villisca druggist; W. J. Ewing, pastor of the Presbyterian church of Villisca, and W. W. Arnold, J. L. Gourley, Ed Northrup, A. D. Silverthorpe, and L. B. Penton, all prominent citizens of this county, were in the conspiracy. The alleged anonymous attack charges Jones with having financed aid paid for the crimes.

Senator Jones is a business man of Villisca. J. B. Moore, the murdered man, was a competitor and for a number of years was an employe of Jones

CHILD LABOR LAW

CRITICISMS OF MEASURE ARE WITHOUT ANY FOUNDATION.

Senator Cummins Says That It Will End for All Time the Employment of Children.

Criticisms of the new federal child labor law are "without any foundation whatsoever, and the persons who are giving them publicity are either insincere or incompetent," says Senator Cummins in a letter received today by Owen R. Lovejoy, general secretary of the national child labor committee. "I have just read your letter," says Senator Cummins, "suggesting that certain critics of the recently enacted child labor law claim to have discovered a joker or jokers in the act which reflect upon either the integrity or intelligence of those who are responsible for its passage. If Republicans are making any such charge against the law in order to discredit the administration, the effort is disreputable and must react upon those who are foolish enough to give currency to the charge. If Democrats are endeavoring to impeach the good faith of the Republicans who helped to compose and pass the bill, they are guilty of a flagrant offense against public morals." Senator Cummins goes on to say that if the supreme court is called upon to decide the constitutionality of the law and grants that it is constitutional, "it will end for all time the employment of children under conditions forbidden in the statute. The claim, if it is made, that the prohibition of the statute can be evaded by retaining the output of a mine, quarry, mill, cannery, workshop, factory or manufacturing establishment for thirty days after children have been employed and that then the output may be shipped from the state of production to some other state is too absurd for consideration. With rare exceptions these industrial establishments are continuous in their operation and the notion that they can be so organized as to employ children in a prohibited way one month and then dismiss them and run a month without children, after which the output of the previous month will be shipped, and then re-employ children for another month, and so on ad infinitum, is supremely ludicrous. I venture the prediction that no industrial concern will ever attempt to evade the law in this respect. An honest examination of the act will convince any person that it is just as effective as it could be made without creating such a disturbance in the commerce of innocent people as would have awakened a sentiment against the measure that would have brought about its speedy overthrow. I have reviewed again the entire subject and I am thoroughly persuaded that the act would effectuate the humane purpose toward which the friends of child labor legislation have for a long time been striving."

FIGHTER, 3000 YEARS OLD

London Troops Digging Practice Trenches Find Remains of Tough Old Fighter.

London, Sept. 28.—While troops were digging practice trenches on the Wiltshire downs they found the remains of a very tough old fighter of 3,000 years ago. This man, writes Lieutenant Lionel F. West, an army physician, in a medical journal, received a blow from a stone battleaxe on the forehead with such force that the axe sunk clean within the skull, leaving a sharp edged hole about three-quarters by a half inch in size.

The horrible injury was not immediately fatal, Lieut. West says, for there are signs of repair all around the wound. The warrior lingered on for months, although he was a slight man of five feet two inches in height.

A SUPERFLUOUS CANDIDATE.

Hughes So Characterized by a Pittsburgh Republican.

That the Hughes candidacy is superfluous and that the former supreme court justice has lowered his own standards by assailing President Wilson, are among the reasons given by William Albert Harbison, an attorney and Republican of Pittsburgh, Pa., for supporting the president for re-election.

In a letter to the Democratic national committee, publication of which is authorized by Mr. Harbison, he says:

"Though a Republican of the Progressive stamp and long an admirer of ex-President Roosevelt, I am strongly of the opinion that President Wilson has far surpassed him in practical idealism and has given to the world the greatest demonstration in its history that a nation as well as an individual can be Christian in its ideals and relations towards others.

"While an admirer also of Honorable Charles J. Hughes as a man of high ideals, I believe he is a superfluity at the present moment and is distinctly lowering his own standards in the attempt to fight an administration such as we have had during the past four years.

"God grant success to your nominee is the wish of one Progressive Republican."

STANBERRY SUPT. COMMITS SUICIDE

L. H. TARLTON, 27 YEARS OLD SHOOTS HIMSELF.

CAUSE OF DEED MYSTERY TO FRIENDS

Thought to Be Behind With Bills—Succeeded Supt. McDonald in Stanberry Schools.

L. H. Tarlton, superintendent of the Stanberry public schools, committed suicide about 6 o'clock this morning at the home of John Pennington in Stanberry. The deed was done with a shotgun, which he took from his trunk.

Mr. Tarlton left the house between 6 and 6:30 o'clock this morning, attired in his bath robe. He went to the rear of the house and stopped about forty feet back of the Pennington home, near the garage. Then he fired the shot which ended his life.

No reason can be assigned for the rash act. He was a young man about 27 years old, single, and succeeded Prof. J. M. McDonald, who is now superintendent of the Maryville public schools.

Last year he was principal of the Stanberry high school. He had been in Maryville frequently and was well known here among the teachers.

One reason for the suicide advanced today at Stanberry was that the young man had got behind with his bills. He had been out of school only a few years.

His parents, from near Fayette, Mo., will arrive in Stanberry this evening, and the remains will be taken to that place on the night train.

School was closed at Stanberry today and will not be held until the first of the week. The Stanberry football team was to have played the Maryville high school football team Friday at Stanberry, and the game was canceled this morning.

Superintendent McDonald went to Stanberry this morning when he heard of the death of Mr. Tarlton.

BROOKLYN WINS FLAG

The World's Series Will Open Saturday at Boston—Was a Close Race in the National League.

Special to The Democrat-Forum.

Philadelphia, Oct. 4.—The Brooklyn club, after one of the hottest fights in major leagues for years, yesterday won the National league pennant by virtue of winning its game against New York and Philadelphia's double defeat at the hands of Boston.

Brooklyn can lose all its remaining games and Philadelphia win all hers and the final standing would still give Brooklyn the pennant by a narrow margin. Philadelphia has two games to play with Boston and the Brooklyns have two left with New York.

The Boston American league club and the Brooklyn Nationals will meet in the 1916 world's series, the opening game of which will be played on the Braves' field at Boston next Saturday, Oct. 7. The teams will remain in Boston over Sunday and play the second game of the series there on Monday, Oct. 9, weather permitting, after which they will return to Brooklyn for two games at Ebbets' field on Tuesday and Wednesday, Oct. 10 and 11. The fifth and sixth games, if necessary, will be played on Thursday, Oct. 12, and Friday, Oct. 13, at Boston and Brooklyn respectively. Should a seventh game be necessary to decide the series, the location of the contest will be decided by the toss of a coin, as in past years.

Appointment of Terachui Means Aggressive Policy—Japan Said to Be Watchfully Waiting.

Special to The Democrat-Forum.

Washington, Oct. 4.—Japan will take her "place in the sun." This was the interpretation placed in department circles upon the appointment of Terachui, and means an aggressive policy in China. The only suggestion forthcoming by high government officials regarding the latest developments in the Orient was that Japan also was "watchfully waiting."

OBSERVE MO. DAY

D. A. R. ORGANIZATION 4 YEARS OLD TOMORROW.

SPECIAL PROGRAM SAT.

Will Have Nine Other Meetings This Season With Parties and Patriotic Exercises.

Tomorrow is the fourth anniversary of the establishment of the Daughters of the American Revolution in Maryville. On that day twenty-four women who could claim lineal descent from some man or woman who played a vital part in the Revolution of 1776, got together and established the organization, which has grown to be one of the greatest forces of patriotism in Maryville. The membership is now 51.

The D. A. R. will begin this season's work Saturday with the observance of "Missouri Day." The meeting will be held at the home of Mrs. Anderson Craig, with Mrs. Craig, Mrs. C. H. Coe, Mrs. J. V. Embree and Miss Ethel Embree as hostesses.

The principal business will be the election of delegates and alternates to the State Conference of the D. A. R., which will be held at Louisiana, Mo., on October 25, 26 and 27. A program will also be given in honor of "Missouri Day."

The organization will have nine other meetings, as follows: "Bazaar," November 4; "Christmas Party," December 2; Peace Session and "Stunt Party," January 6; "All the World's a Stage," February 22; Washington Memorial Service, February 25; Business Meeting, March 3; "Heirloom Party," April 7; "Buffet Luncheon," May 5; and "Flag Day," June 14.

Besides the organization meetings, the D. A. R. takes active part in all of the plans for civic improvement and for the spread of patriotism. They promote the observance of patriotic days, and hold a service in memory of Washington, to which all of the patriotic societies of Maryville and the public are invited.

In the line of civic improvement their greatest work has been the reclamation of the old City Cemetery, which they have greatly improved. Their ambition now is to make this cemetery a park, and plans to obtain funds for this purpose will be made at some of the future meetings.

BARNARD HAS CLUB

DEMOCRATS PERFECTED THEIR ORGANIZATION LAST NIGHT.

MANY MEMBERS JOINED

A Number of Other Towns Over the County Will Also Organize Soon—J. C. Hocker Heads Club.

To Barnard belongs the credit for organizing the first Wilson-Marshall club in Nodaway county. The organization was perfected last evening at a meeting held in the opera house of that town. J. C. Hocker was elected president of the club, J. P. Gorsuch, secretary, and John F. Tulloch, treasurer. An executive committee, a membership committee and a finance committee will be appointed by the president this week.

There was great enthusiasm at the meeting. Probably fifty were in attendance, and a large number of members will be secured this week. Several made short talks. County Chairman M. E. Ford and E. C. Moberly, candidate for sheriff; Sheriff Ed Wallace and A. L. Nash, from Maryville, attended the meeting.

The Burlington Junction Democrats are also planning to organize a Wilson-Marshall club, probably this week. Other places over the county will also perfect their organization within the next several days.

Conception Junction has a Wilson club, composed, it is said, of 230 railroad men at that division point.

The Barnard club will hold their first meeting probably next week, when W. A. Blagg of Maryville and probably several others will make short addresses. A meeting is also being planned for Burlington Junction.

HOW TO START A CLUB

To Support Wilson—Fill Out Appended Form—Get Men to Vote as They Think.

"The greatest field of service in this campaign," said Frederick B. Lynch, chairman of the bureau of political organization and clubs of the Democratic national committee, "lies along the line of getting the independent and progressive voters to vote as they think, and not as they are impelled by old associations, deceptive shibboleths and false leaders."

Such is the special mission of the Wilson and Marshall clubs now being organized in all parts of the country.

"Party lines are not drawn in these clubs," My Lynch continued, "and the club men can reveal the voters who think right, but face wrong, to themselves. Not one unprejudiced man in a hundred can resist the overwhelming logic of the facts accomplished by the most constructive administration the country has ever had. Don't let the nation be untrue to itself by thinking right and voting wrong."

Those who want to start motion in the right direction right away can do so by filling out the following form and sending it to the chairman of the bureau of political organizations and clubs, Democratic national committee, 30 East 42nd street, New York City:

AGAINST POOL HALL

MERCHANTS DON'T WANT YEO BROTHERS TO MOVE IN BLOCK.

PETITION IS CIRCULATED

Want City Council to Enact Ordinance Prohibiting Installation of Hall Without Consent of Owners.

A petition is being circulated requesting the city council to enact and put into effect an ordinance forbidding the granting of a pool hall license except when the applicant therefor first secures and files with the city council a petition signed by not less than two-thirds of the assessed taxpaying citizens and guardians of minors owning property in the block or square in which such pool hall is to be kept. The petition will be presented to the city council Friday night, and probably some action will be taken.

The reason for such a petition is on account of Yeo Brothers, who, having leased the Graham building, formerly occupied by the Parle drug store, for their pool hall. Several of the merchants in the block are fighting the installation of the pool hall in this building, which has been undergoing extensive repairs. A new front has been added and the floor has been lowered to the level of the sidewalk. Besides, numerous other improvements have been made.

Yeo Brothers' pool hall is now located on North Main street, first door north of where the Farmers Trust company is now located.

HARD TO ANSWER.

Says the Council Bluffs (Ia.) Nonpareil," one of the strongest Republican newspapers in the middle west:

"Democratic congresses are entitled to credit for some excellent legislation under the present administration. Without question, their purposes have been good."

How will the Nonpareil reconcile its grudging tribute to Democratic legislation with Candidate Hughes' declaration that the whole Democratic legislative accomplishment must be wiped off the statute books for the good of the country?

LAMM'S LOWEST.

We quote from the Globe-Democrat of Saturday:

Talking before the school children of Tuscumbia, Judge Lamm declared, if elected, that hostile hands shall never be laid upon school children's money. "They propose to take $1,000,000 of your money to start Gardner's land bank."

We see two things worthy of note in this remark. In the first place, it is a lie. In the second, it proves that up to Friday, when it was made, there were still unplumbed depths below the political candidate with no respect for the public and less than none for himself.

Judge Lamm's campaign has already brought forth strange things. He has squarely misrepresented official documents. He has made statements about the single tax which a freshman in any Missouri college ought to blush for. What unexhausted possibilities are yet concealed within him we do not pretend to say; it would seem that at Tuscumbia he had surpassed himself. To try to frighten school children for political profit by bogey tales about a political opponent is something new under the sun, and Judge Lamm has earned the amazed contempt of every decent man. —St. Louis Republic.

FOR GOOD ROADS DAY

WORKERS WANTED TO REPAIR AND CLEAN UP ROADS.

An Effort Has Been Made in Nodaway County to Organize Districts—New Plan for This Year.

Tomorrow and Thursday are the annual days set apart by the state of Missouri for state-wide improvement of all highways. John Clary of Clearmont, formerly county highway engineer, has been organizing the county in districts and urging that these two days be given over to repairing roads and cleaning out unsightly places along the roads.

Col. Frank W. Buffum, state highway commissioner, Jefferson City, in a message sends the following to the people of Nodaway county:

"We are going to leave it to you and the good people of Nodaway county to immediately organize your entire county by school districts for the observation of good roads days. Use the telephone freely with your neighbors in getting notice over the districts Wednesday. Let the township boards and school boards take the lead in calling on their friends to meet them on the highways with proper tools for the work of clearing the weeds, the undergrowth and repairing culverts. Arrange for hauling culvert material for new culverts, for machinery to cut down hills and for cutting the hedges and rounding all corners. Have the ladies serve dinner at different points on the highways. In this way you should get an immense amount of work done in your vicinity during the two days and days following. Those of you who cannot leave home can cut weeds, undergrowth and repair the roads along your own farms. Good roads days are too valuable to be lost or discontinued and I am looking to Nodaway county people for a great report of work accomplished on these two days."

Send in a report to this paper of the work accomplished in your community for these two days; we will take pleasure in publishing the good roads news of your neighborhood for these two days.

RECRUITS WANTED FOR ARMY

Recruiting Office Located in Maryville, and Men Between Ages of 16 and 35 Years Urged to Enlist.

U. S. Army Recruiting Office, 118½ East Third street, Maryville, Mo.—Men wishing to enlist in the regular army may do so by applying at the above named office. Applicants for first enlistment must be between the ages of 16 and 35 years, of good character and temperate habits, able bodied, free from disease and must be able to read, write and speak the English language. There are a good many chances for men who wish to enlist in the signal corps of the army. Telegraph operators, radio operators, telephone men, photographers, clerks and electricians are particularly desired for the above branch of service, and mechanics, men with knowledge of gas engines and meters and with experience in handling government property are especially desired for the aviation section of the signal corps. The pay ranges from $15 to $75 per month in this corps on first enlistment, and promotions are very fast on account of the increase of the army.

Mow much do you earn? Not what you earn, but what you save is yours, and the poorest paid soldier in the United States army can save $10 every month and bank with the government, receiving 4 per cent interest on the deposit. Sick or well, present or absent on leave, the pay goes on just the same. Board, lodging, clothing, doctors, medicines and things necessary for physical development and athletic training are free. The United States army turns out fine athletes and great horsemen. An opportunity, free of cost, to see Hawaii, Alaska, the Philippines, Panama and other places. In fact, many of the soldiers now in the army have traveled around the world, a trip which in itself gives a wonderful education. There is a splendid chance for technical training on everything from mechanics, electricity and engineering, to wireless telegraph and aviation.

The army in its great service schools can teach you, and while teaching you pays for your learning. Musicians, school teachers, cooks, barbers, tailors, shoemakers, plumbers, and in fact all mechanics receive extra pay in the army. If you have anyone to whom you wish to give some of your pay, an allotment may be made for the same, and also the person you may designate will receive insurance to the amount of six months pay. Soldiers of the army are retired after having served thirty years and receive thereafter from $34.50 to $90 a month. Please note that the least amount paid after your service so honorably completed is over a dollar a day for life. You may go into an honorable business or occupation and earn additionally. The army offers travel, education, athletic training and a fine opportunity to save money. You have a certain position with assured health and pay. The education and training that you acquire depends on yourself. The army will give it to you if you will take it. Many of the officers holding high rank in the army today started as recruits. Generals who have been at the head of the army have started the same way. Your chance is just as good today.

OPEN LETTER TO HUGHES.

Dear Mr. Hughes:
You'll please excuse
My dullness if I seem obtuse,
Or fail to properly enthuse
When you break loose.

The papers give me all the news,
And more advice than I can use;
But when I try to get your views
On public questions, then I lose
My patience, and I sigh and say,
"Oh, what's the use!"

I give the devil all his dues;
I rather liked you, Mr. Hughes,
When you were judge. But when you choose
To be a knocker and abuse
Our President, I must refuse
To read your "ooze."

The Democrats you still accuse;
Your lamentations I peruse.
These may alarm—they can't amuse,
And thinking men they won't confuse;
But altogether, Brother Hughes,
You're too profuse.

One final word before adieus:
If you would stand in Wilson's shoes
You'll have to try some other ruse—
For, by the gods, you're going to lose!
The Republican party will get its dues;
You're up against it, Mr. Hughes.

URGED TO SAVE HAMS

Keep "Pride of Smokehouse" for State Show at the University, W. L. Nelson Says.

Although it is almost impossible to resist the temptation to eat the Missouri country-cured hams which at this time of year are at their best, W. L. Nelson of the State Board of Agriculture urges Missouri farmers to leave their smokehouse doors locked. Mr. Nelson urges this in order that the choice specimens can be entered in the annual ham show held next winter during Farmers' Week at the University of Missouri at Columbia.

Three times Boone county has been successful in the ham and bacon show in competition with entries from all over the state. Mr. Nelson is eager to see some ham expert take the honor away from Boone. He even thinks he might induce the farmers of his own county—Cooper—to try harder than ever before to take down the prizes amounting to $150 offered by the State Board of Agriculture.

Only cured hams and bacon may be entered in the show. Hams from hogs killed this fall cannot be shown. That is why Mr. Nelson urges the farmers all over Missouri to keep the "pride of the smokehouse" for the show. Missouri put on the first ham and bacon show in connection with Farmers' Week four years ago. Many other states are following Missouri's lead, and even the United States government is taking up the idea, Mr. Nelson says.

Straws Show—

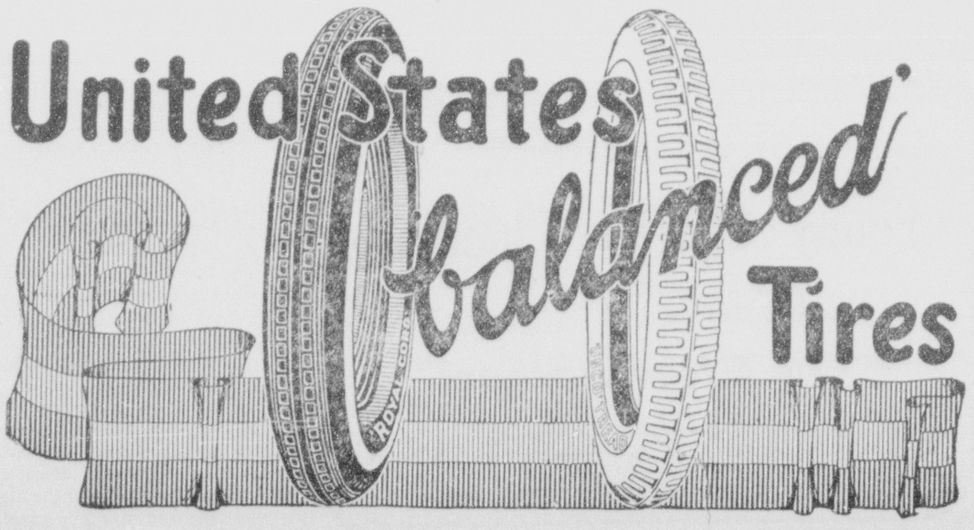
Motorists buy a certain make of tires for the first time because it is *sold* to them—through advertising, salesmanship, or the good words of satisfied users.

But motorists *continue to buy* that make of tire only because the first tires have made good—have given satisfactory mileage and service.

Motorists bought United States Tires so consistently that, during the first seven and one-half months of this year, we sold and delivered more tires than during the entire twelve months of last year.

And motorists are *continuing to buy* United States Tires at the same phenomenal rate.

If straws show which way the wind blows, such phenomenal sales increases certainly *show where the best tire service comes from.*



—How to Select Your— Corset

HERE we give you five simple rules or guides that will turn the selection of your corset into a real pleasure.

FIRST—Decide that your figure is individual—that you need a corset designed for you, and it should be a front-lace corset.

SECOND—Go to the store where competent graduate corsetieres are employed. Insist on an experienced sales person for your fitting.

THIRD—Remember that your corset dollars go farther if you select two corsets at a time. One for home wear and another for social engagements and street wear.

FOURTH—Unless the corset you select gives you all day comfort, good wearing service, and style that is exclusive, your corset fails regardless of what you pay for it.

FIFTH—You can forget the other rules if the Gossard label is sewn in your corset. There is a Gossard for every figure.

One proof of the unusual recognition given Gossards is the army of moving picture stars who demand the utmost in style, comfort and wearing service in a corset. Every Triangle star wears a Gossard and all of them have charming, graceful figures.

An expert corsetiere will deem it a pleasure to fit you without obligation to a Special Gossard designed for your figure at $2, $3.00, $3.50, $5.00 and up.

CHARGES A CONSPIRACY.

State Senator Jones of Villisca Asks 25,000 Damages From Nine Men.

Special to The Democrat-Forum.

Red Oak, Ia., Oct. 4.—Charging a conspiracy to defame him by attempting to hold him responsible for the eight murders committed in the J. B. Moore home in Villisca, Ia., June 9, 1912, and demanding $25,000 in satisfaction for the personal damages thus incurred, State Senator F. F. Jones of this county, a merchant of Villisca, today, through Sheriff Jackson, is serving notice upon nine defendants in the action to be filed in district court of this county.

Senator Jones, in a lengthy petition, charges that John Wilkerson, a detective of Kansas City; W. H. Willett, a prominent farmer; Ross R. Moore, a Villisca druggist; W. J. Ewing, pastor of the Presbyterian church of Villisca, and W. W. Arnold, J. L. Gourley, Ed Northrup, A. D. Silverthorpe, and L. B. Penton, all prominent citizens of this county, were in the conspiracy. The alleged anonymous attack charges Jones with having financed aid paid for the crimes.

Senator Jones is a business man of Villisca. J. B. Moore, the murdered man, was a competitor and for a number of years was an employe of Jones.

CHILD LABOR LAW

CRITICISMS OF MEASURE ARE WITHOUT ANY FOUNDATION.

Senator Cummins Says That It Will End for All Time the Employment of Children.

Criticisms of the new federal child labor law are "without any foundation whatsoever, and the persons who are giving them publicity are either insincere or incompetent," says Senator Cummins in a letter received today by Owen R. Lovejoy, general secretary of the national child labor committee. "I have just read your letter," says Senator Cummins, "suggesting that certain critics of the recently enacted child labor law claim to have discovered a joker or jokers in the act which reflect upon either the integrity or intelligence of those who are responsible for its passage. If Republicans are making any such charge against the law in order to discredit the administration, the effort is disreputable and must react upon those who are foolish enough to give currency to the charge. If Democrats are endeavoring to impeach the good faith of the Republicans who helped to compose and pass the bill, they are guilty of a flagrant offense against public morals." Senator Cummins goes on to say that if the supreme court is called upon to decide the constitutionality of the law and grants that it is constitutional, "it will end for all time the employment of children under conditions forbidden in the statute. The claim, if it is made, that the prohibition of the statute can be evaded by retaining the output of a mine, quarry, mill, cannery, workshop, factory or manufacturing establishment for thirty days after children have been employed and that then the output may be shipped from the state of production to some other state is too absurd for consideration. With rare exceptions these industrial establishments are continuous in their operation and the notion that they can be so organized as to employ children in a prohibited way one month and then dismiss them and run a month without children, after which the output of the previous month will be shipped, and then re-employ children for another month, and so on ad infinitum, is supremely ludicrous. I venture the prediction that no industrial concern will ever attempt to evade the law in this respect. An honest examination of the act will convince any person that it is just as effective as it could be made without creating such a disturbance in the commerce of innocent people as would have awakened a sentiment against the measure that would have brought about its speedy overthrow. I have reviewed again the entire subject and I am thoroughly persuaded that the act would effectuate the humane purpose toward which the friends of child labor legislation have for a long time been striving."

FIGHTER, 3000 YEARS OLD

London Troops Digging Practice Trenches Find Remains of Tough Old Fighter.

London, Sept. 28.—While troops were digging practice trenches on the Wiltshire downs they found the remains of a very tough old fighter of 3,000 years ago. This man, writes Lieutenant Lionel F. West, an army physician, in a medical journal, received a blow from a stone battleaxe on the forehead with such force that the axe sunk clean within the skull, leaving a sharp edged hole about three-quarters by a half inch in size.

The horrible injury was not immediately fatal, Lieut. West says, for there are signs of repair all around the wound. The warrior lingered on for months, although he was a slight man of five feet two inches in height.

A SUPERFLUOUS CANDIDATE.

Hughes So Characterized by a Pittsburgh Republican.

That the Hughes candidacy is superfluous and that the former supreme court justice has lowered his own standards by assailing President Wilson, are among the reasons given by William Albert Harbison, an attorney and Republican of Pittsburgh, Pa., for supporting the president for re-election.

In a letter to the Democratic national committee, publication of which is authorized by Mr. Harbison, he says:

"Though a Republican of the Progressive stamp and long an admirer of ex-President Roosevelt, I am strongly of the opinion that President Wilson has far surpassed him in practical idealism and has given to the world the greatest demonstration in its history that a nation as well as an individual can be Christian in its ideals and relations towards others.

"While an admirer also of Honorable Charles J. Hughes as a man of high ideals, I believe he is a superfluity at the present moment and is distinctly lowering his own standards in the attempt to fight an administration such as we have had during the past four years.

"God grant success to your nominee is the wish of one Progressive Republican."

ACIDS IN THE SYSTEM

Acids accumulating in the system in excess, poison the blood and cause a great variety of diseases, affecting the skin and other mucous surfaces, the heart and arteries, brain and general nervous system, joints and muscles.
